The union at the centers of the Amazon labor dispute, which is among several high-profile labor disputes around the globe, has opposed all changes to workers' rights in the technology industry, arguing that such actions harm jobs, reduce wages and make it difficult in some cases to attract talented workers.. The NLRB opened the investigation after it received a complaint in February 2016 from a former employee of Amazon who said that she faced retaliation for signing up as an employee of the company's cloud computing project, but after she quit, Amazon terminated her, according to an Associated Press account of her complaint to the commission. The AP said the investigation was authorized by the federal Fair Labor Standards Act and that the case is not under investigation.

"The investigation now seeks to identify what led to a potential unlawful employment action by former Amazon.com IT employees — and whether Amazon intentionally retaliated against former employees to avoid doing so," the NLRB said in the statement Tuesday night. "We are also assessing the extent to which such an unlawful employee retaliation was allowed to take place, whether Amazon was involved in any investigation into that outcome, and whether there are adequate consequences for the former employee.".. Jigoku-san no Kizuna-kun https://www.youtube.com/watch?v=l_rFZQ7b0-O https://www.youtube.com/watch?v=MzJ9J3ZLHWU.. "As you may recall, one of the complaints we received earlier in 2008 was that workers in Amazon's IT and operations positions were being subjected to significant retaliation due to their union and some employees not accepting benefits agreed to at that time," the board said Tuesday in a statement announcing the inquiry. It also noted that Amazon was recently accused in two lawsuits of illegally firing and demoting U.S. workers even when those workers unionized, and that some former employees say they may not have been compensated for time and effort that they devoted to union organizing..
